

# CANTEEN POLICY

## Rationale

Good nutrition and healthy eating are important for normal growth and development. The Canteen has a central role in implementing key components of the Victorian Government 'Go for Your Life' Healthy Canteen Policy.

The Canteen offers a service to school families and staff; selling food and drinks suitable for lunch and snacks at an affordable price, whilst maintaining itself as a cost neutral service.

## Policy Statement

As highlighted in the 'Go for Your Life' Policy, within the Healthy Canteen Kit, the Croydon Hills Primary School canteen will provide to students, families and staff a healthy food service offering a variety of nutritious foods, snacks and beverages in accordance with the *Dietary Guidelines for Children and Adolescents in Australia* at affordable prices.

The Croydon Hills Primary School canteen can be an avenue for consistent and continual health education that complements the diverse elements of the school curriculum. Our canteen policy involves students, parents and the wider school community, who are an integral part of the entire healthy school community.

## Implementation

1. The Croydon Hills Primary School Council and the Principal are responsible for the operation of the Canteen.
2. The Canteen is a not-for-profit service, aiming to cover all costs associated with employment of a Canteen Manager and staff, equipment maintenance, improvements and food. Any surplus benefits the School by returning to the Global budget.
3. The Canteen Manager researches new products within the Healthy Eating Guidelines. These products are presented to the Canteen Committee for approval. The Canteen Convenor will then ask School Council to endorse the new product prior to its introduction in to the Canteen for sale.
4. The Canteen relies on a Canteen Manager and volunteers to assist with the preparation and serving of food each day it is in operation.
5. The Canteen operates in accordance with all relevant legislation and guidelines eg. Safe Food Handling, OH&S, 'Go for Your Life' Eating Policy, Department of Health Food Safety Program.
6. Canteen facilities will meet all relevant standards.
7. The Canteen is used by; Croydon Hills Primary School Out of School Hours Care program, classroom activities and by others within the school community eg. Fundraising activities (with the agreement of the Principal/Canteen Manager).
8. Families have a responsibility to assist children making choices for lunch orders.
9. The Canteen menu reflects the principles in the 'Go for Your Life' Eating in accordance with the Australian Dietary Guidelines for Children and Adolescents in Australia.
10. Student allergies are an important consideration in the operation of the Canteen. Medical conditions that have special dietary requirements for consideration include; coeliac disease and anaphylaxis. Canteen

## Croydon Hills Primary School

staff need to be aware of students with such allergies, and are familiar with the CHPS management strategies for these students.

11. The Canteen menu reflects the school's sustainability strategies, in relation to packaging of food, by adhering to the CHPS Sustainability Policy, where practical. All options are researched and where possible recyclable.
12. The Canteen Manager will attend all relevant expos and training updates.
13. The Canteen will provide and encourage opportunity for parent involvement and participation in the Croydon Hills Primary School Canteen.
14. No student at school will be denied a lunch; on presentation of a note from their teacher, the student will be given an available food item and a note for his/her parents, requesting the Canteen be reimbursed, in consultation with the Principal.
15. The Canteen Manager will be responsible for; a volunteer roster and contingency plans to allow for 'emergency' staff cover, stocktaking, product selection, ordering & maintaining equipment, as well as financial management including pricing reviews, money handling and reconciliation.
16. The Canteen Manager will meet regularly with the Canteen Committee regarding procedures, feedback and improvements. The Canteen Committee Convenor will report regularly to School Council.
17. The Canteen will be promoted by the Canteen Manager and Canteen Committee by presenting articles in the weekly school Newsletter, information at CHPS Parent Association, publishing the menu on the school website and providing valuable information to parents and families via the Family Handbook.
