### Principal's Report

Welcome back to the third term for 2017. Although it is the cold period of the year I trust students enjoyed the break and had a chance to refresh, ready for a busy and productive term. There is plenty on this term to ensure they are engaged in productive learning.

#### Middle School Production

Our biannual Middle School Production, the ever popular Disney classic, **The Little Mermaid** is deep into rehearsals and the students' big nights on stage are only a few weeks away. This is obviously a huge undertaking but everything is on track for a terrific show.

Tickets are on sale now and I would encourage all families in the school to consider taking the whole family. Live theatre performance are an amazing experience, particularly for children but they are often priced out of the reach for children to attend. This is a great opportunity for them to see a show that I am sure they will already know. Senior School students will recall and relive the feeling of being onstage in costume from their experience of 2 years ago when they performed. Those in the younger years will get an insight into the experience they have in store when they move into the Middle School and well as having the experience of live musical theatre. It is an opportunity not to be missed by the whole community!! Details for purchasing tickets online are in this newsletter.

#### Fathering Project

Our newly formed group with the **Fathering Project, MoTH (Men of The Hills)** are holding a launch of the group next Wednesday night and are calling on all fathers or father figures to come along to the night for some slices of pizza and a chat to hear what it is all about. We had 30+ dads last time and the steering group of dads are hoping for a big turnout. Details of the night are elsewhere in the newsletter. Please come along and support this great initiative to assist in building our community, which supports our students.

#### Sustainability

Our Sustainability Program has for many years now been an important part of CHPS. We are taking it up a notch and have had discussions with students, staff and with the support of the School Council; our expectations and protocols for managing waste in the school are being enhanced. Please see the information in this newsletter outlining the updated procedures.

We want to do everything we reasonably can as a school to minimise waste and maximise recycling.

## 2018 School Fair

Our School Community FAIR 2018 preparations are underway and we will be offering an information evening to discuss the event and to seek parent helpers to create its success! Please keep your eye out for this meeting and consider assisting to make this event a success for our school and community.

**Graeme Caudry - Principal**

### **Local Landscapes Painting Program Presentation Day!**

Saturday 1<sup>st</sup> July and 22 year 5/6 students along with their families attended the Local Landscape presentation day at the National Gallery of Victoria. The students have been working hard over 8 weeks to complete their Van Gogh inspired landscape and were finally presenting their work to family and teachers. Educational Officer Marg Stephens gave our group a talk about Van Gogh's work and life and students were presented with their Certificates of Participation.

Wonderful work guys! You all worked so hard to achieve terrific outcomes with your painting. You should all be very proud of your paintings.

Thank you to the parents and families who have supported the program and attended the day. Also a big thank you to the Ms Wyatt, Mr Den Elzen, Mr Dixon, Mr Halstead and Miss Sotiropoulos for attending the presentation day.

# Global Education in Action

Recently, some Croydon Hills families were lucky enough to visit our **Bottle for Betol** partner school in Cangga, Bali

Although it was school holiday time in Bali, a group of students and teachers went to the school to welcome our families, and **Dedi**, from **Bottle for Betol**, explained to our students how the program operates in Bali and how important it is to reduce the amount of single use plastic in their school and community.

These personal interactions make our programs come to life. We are looking forward to hearing all about the visit in the coming weeks.
